USATE LE BUONE MANIGLIE

COLOMBO®
DESIGN

Progettare
e costruire in Italia
le maniglie
più belle al mondo.

Designing and
manufacturing in Italy
the most beautiful
handles in the world.

A Family Company.

sempre vicini a te

Proprio come una famiglia accudisce i suoi membri con amore e dedizione, così Colombo Design cura i suoi prodotti, con gli stessi valori e le medesime tradizioni, per fare di ogni ambiente una casa, senza scendere mai a compromessi sull'autenticità. Un manifesto contemporaneo dell'essere creativi, curiosi e sperimentali.

handles with care

Just like a family that handles its members with love and care, Colombo Design cares about its family of products and its production with the same values and traditions to make of any place a home, never accepting any compromise to quality and function, individuality and authenticity. Bonding heritage with creativity, curiosity and innovation.

Mission.

la qualità sensibile

Intraprendere un'impresa nel terzo millennio.
Infondere entusiasmo ai collaboratori, convinti che il fattore umano sia condizione essenziale al progresso aziendale.

Produrre secondo criteri di eccellenza nelle varie fasi di lavorazione per offrire prodotti garantiti.

Rinnovare costantemente impianti e procedure per precedere i rischi dell'obsolescenza. Questi i requisiti di Colombo Design, leader mondiale nella produzione di maniglie, presente in 93 paesi nel mondo attraverso una fitta rete di agenti e distributori. Una realtà solida, nata nel 1991, che si estende su una superficie di 100.000 mq, di cui 25.000 mq coperti, a Terno d'Isola in provincia di Bergamo.

discerning quality

Creating a business in the third millennium.

Motivating staff by recognising that human resources are essential to the company development.

Achieving manufacturing excellence at every stage of production so that products may be guaranteed.

Continuously updating machinery and manufacturing procedures in order to maintain quality levels in harmony with our environment.

These are core principles of Colombo Design, world leader in the production of door handles, present in 93 countries worldwide through an extensive network of agents and distributors. A solid reality, founded in 1991, based in Terno d'Isola, in the province of Bergamo, with an area of 100,000 square meters, of which 25,000 sqm are indoor.

Environmental approach.

Lo sviluppo è sostenibile se soddisfa i bisogni delle generazioni presenti senza compromettere le possibilità per le generazioni future di soddisfare i propri bisogni.

(Brundtland Report, United Nations, 1987)

Sustainable development is development that meets the needs of the present without compromising the ability of future generations to meet their own needs.

(Brundtland Report, United Nations, 1987)

e' tempo di green made

Green Made significa pensare, progettare e produrre in armonia con l'ambiente.

Green Made: perché In una economia globale assume un ruolo sempre più importante la protezione delle risorse disponibili ed in particolare lo studio degli aspetti ambientali legati alle diverse attività produttive. L'aumento dei consumi delle risorse non rinnovabili (i minerali ed i metalli come pure i combustibili fossili), dovuto alla costante crescita della popolazione mondiale, impone standards di produzione che privilegino la conservazione delle risorse disponibili. I nostri processi produttivi sono frutto di una globale attenzione alla tutela dell'ambiente. La gestione accurata di questi processi ha portato, tra le altre cose, all'ottenimento della certificazione UNI EN ISO 14001 «Sistema di gestione ambientale certificato».

Green Made: il valore Ogni singola fase di progettazione e produzione è attentamente analizzata sotto il profilo dell'impatto ambientale ed ogni scelta successiva dettata dal raggiungimento degli obiettivi di eco compatibilità. Così durante la produzione vera e propria, saranno le più avanzate tecnologie appositamente sviluppate ed i più severi controlli, effettuati da personale qualificato, a garantire Green Made by Colombo Design: un prodotto nato con il pensiero costantemente rivolto all'ambiente.

it's green made time

«Green made» means thinking, developing and manufacturing in harmony with our environment.

Green Made: why Protecting our resources is more and more important in a global economy, and in particular paying attention to reflections of manufacturing onto the environment. Increase of consumptions of non-renewable resources (minerals, metals and fossil fuels) due to increase of population, imposes manufacturing standards which privilege conservation of the available resources and raw materials.

Our production processes are the result of a total attention to environmental protection. By the accurate management of these processes we obtained the UNI EN ISO 14001 certification «Certified environmental management system».

Green Made: values Each design and production step is carefully checked with regards to the environmental impact and each following decision is taken if our eco-compatibility objectives are fully reached. This means that when we manufacture our products, the Green Made concept by Colombo Design will be guaranteed by the advanced technologies and very strict controls carried out by a very highly qualified personnel, generating a product conceived constantly thinking of the environment.

Certifications.

UNI EN ISO 9001

Sistema di gestione certificato da ICIM

Questa certificazione è valida per il seguente campo applicativo:

Progettazione e fabbricazione di maniglie, complementi per arredamento e di accessori per l'arredo del bagno in materiali non ferrosi.

Certified management system by ICIM

This certification is valid for the following application field:

Design and manufacture of handles, furniture co-ordinated accessories and bathroom furniture accessories in non-ferrous materials.

UNI EN ISO 14001

Sistema di gestione certificato da ICIM

Questa certificazione è valida per il seguente campo applicativo:

Progettazione e fabbricazione di maniglie e complementi per arredamento in materiale non ferroso, accessori per l'arredo del bagno mediante le fasi di: pressofusione, burattatura, pulitura, galvanica, verniciatura, assemblaggio, confezionamento ed immagazzinamento.

Certified management system by ICIM

This certification is valid for the following application field:

Design and manufacture of non-ferrous handles and coordinated furniture accessories, bathroom furniture accessories by: die-casting, tumble finishing, polishing, electroplating, varnishing, assembling, packing and storing.

UNI EN 1906:2012

Nuova certificazione europea per le maniglie

La norma Europea UNI EN 1906:2012 stabilisce requisiti e metodi di prova per maniglie e pomoli. Colombo Design ha conseguito, per tutti i suoi modelli, lusinghieri risultati tra i quali il più significativo è il "Grado 4" per la categoria d'uso: sinonimo di assoluta qualità e resistenza.

New European certification for door furniture

The European standard UNI EN 1906:2012 establishes requirements and test methods for lever handles and knobs. Colombo Design achieved, for all of its models, excellent results between which the most significant is the "Grade 4" for the category of use: synonym of absolute quality and resistance.

Warranties.

trattamento di protezione garantito 30 anni

Quello utilizzato da Colombo Design è un processo di finitura mutuato dal settore dell'utensileria, in cui caratteristiche fisiche e meccaniche sono studiate per garantire prestazioni eccezionali di resistenza all'usura meccanica e al decadimento dovuto ad agenti ambientali e chimici, in cui il processo è stato messo a punto per garantire anche un notevole aspetto estetico, trasparenza e lucentezza fanno risaltare il design del prodotto. Tutti i prodotti trattati con il processo PVD, vengono preventivamente rivestiti con strati di rame, nichel e cromo per garantire un perfetto isolamento della materia prima sottostante. Trattamento con la garanzia di "30 anni" sulle finiture **Zirconium Gold, Oromat, Zirconium Stainless-Steel, Vintage, Matt Vintage, Grafite e Grafite Mat.**

trattamento di protezione garantito 10 anni

La lunga esperienza maturata nel settore dei trattamenti galvanici e PVD, unita alla scelta di prestare particolare attenzione alla qualità nei processi produttivi, consentono a Colombo Design di garantire le finiture dei suoi prodotti oltre la normale copertura prevista dalla legge. E' quindi con particolare orgoglio che offriamo ai nostri utenti la garanzia di "10 anni" sulle finiture **Oroplus, Cromo, Cromat, Neromat e Biancomat.** Questo impegno di durata nel tempo del prodotto è la nostra forte ed alternativa risposta al consumismo «usa e getta», sinonimo di spreco ambientale e nemico della memoria collettiva, irrinunciabile valore di tutte le società.

30 years guarantee protection treatment

Colombo Design uses a finishing process borrowed from the tools industry, where physical and mechanic features have to guarantee a very high performance as far as mechanic wear and decay due to environmental and chemical agents are concerned. This finishing process also guarantees a high level of design where transparency and brightness allow the product to reveal itself. All PVD-treated products with High Protection System finishing are previously coated with layers of copper, nickel and chrome in order to guarantee the perfect insulation of the underlying raw material. Treatment with warranty of "30 years" on **HPS Zirconium Gold, Matt Gold, HPS/I Zirconium Stainless-Steel, Vintage, Matt Vintage, Graphite and Matt Graphite** finishings.

10 years guarantee protection treatment

The long experience in the field of galvanic treatments, combined with the choice to pay special attention to the quality in production processes, enable Colombo Design to ensure the finishes of its products beyond the normal warranty provided by law. It is therefore with great pleasure, we offer to our end-users the warranty of "10 years" on **Oroplus, Chrome, Matt chrome, Matt black and Matt white** finishing. This commitment of product durability is our strong and alternative response to consumerism «disposable», synonymous with environmental waste and enemy of collective memory, an essential value of all societies.

Innovations.

SIX MILLIMETERS CONCEPT

Maniglie con rosetta e bocchetta bassa che non necessitano di lavorazioni aggiuntive sulla porta.

Handles with slim rose and escutcheon. They don't need additional installation works on the door.

ROBOTECH®

Robotech® contraddistingue una gamma di prodotti realizzata utilizzando alta tecnologia e massima automazione per ottenere eccellenza qualitativa e commerciale.

Robotech® is our mark for those products manufactured using high technologies and ultimate automation, to create quality and trading excellence.

CASA SICURA

La soluzione per vivere in una casa sicura. Se vuoi avere la sicurezza di vivere in un ambiente tranquillo e sereno, affidati al sistema antintrusione di Colombo Design! Il pulsante blocca maniglia ne impedisce la rotazione, di conseguenza i malintenzionati non riusciranno più ad entrare nelle vostre case passando dalle finestre e dalle porte finestre.

SAFE HOUSE

The right solution for a safe house. If you're looking for a safe feeling while being in your home, you should use the Colombo Design Security System! The button locks the handle preventing the rotation, so bad people won't be able to enter your house, neither via the doors nor via the windows.

DKZERO MINIMAL SOLUTION

Nasce DK ZERO. Un innovativo sistema per finestra Dreh-kipp quasi ad "impatto zero", che consente di ridurre al minimo l'ingombro della rosetta DK. DK ZERO è di semplice installazione (è sufficiente un foro di diametro 20mm), adatto all'utilizzo su infissi dotati di microventilazione e adattabile a molteplici modelli e finiture della collezione Colombo Design.

DK ZERO is born. An innovative almost zero impact Dreh-kipp window system, which allows you to minimize the encumbrance of the DK rosette. DK ZERO is easy to install (a 20mm diameter hole is enough), suitable for use on window fixtures equipped with micro-ventilation and adaptable to several models and finishes from Colombo Design collection.

UNI EN 13126-3

Certificazione di durabilità garantita per minimo 25.000 cicli, ciascuno con sequenza:
0→90°→180°→90°→0°

UNI EN 13126-3

Durability certification guaranteed for a minimum of 25.000 cycles, each one with 0→90°→180°→90°→0° sequence.

L'ARTE DI ARREDARE

L'arte di arredare. Il design innovativo della collezione "FORMAE" personalizza e valorizza il mobile d'arredamento. La praticità della funzione nell'utilizzo e gli elevati standards di eccellenza qualitativa sono le prerogative dei prodotti del progetto "FORMAE".

The art of decorating. The innovative design of the "FORMAE" collection adds personality and character to any piece of furniture. Usability and high standards of excellence in manufacturing are the main features of this product line.

Concept and graphic design
Colombo Design

Printed in Italy
06/21

Colombo Design si riserva di apportare ai propri prodotti ogni modifica estetica e tecnica che a suo insindacabile giudizio ritenga necessaria.

Il presente catalogo è tutelato dalla legge sui diritti di autore. E' quindi proibita ogni riproduzione, totale o anche parziale.

Il listino prezzi può avere frequenze di aggiornamento superiori al catalogo generale, costituisce quindi lo strumento di consultazione più aggiornato.

Le textures ed i colori dei materiali e delle finiture hanno valore indicativo in quanto soggetti alle tolleranze dei processi di stampa.

Le misure indicate sono espresse, se non specificato diversamente, in millimetri.

Colombo Design reserves the right to modify parts of its collection range whenever necessary without previous notice.

This catalogue is protected by the Italian copyright laws. No part of this catalogue may be reproduced in any form or by any means.

The price-list has a printing frequency higher than the general catalogue, therefore it is the most updated consulting tool.

The textures and colours of materials and finishes are not binding as they depend on printing colour tolerances.

All measures mentioned herein are stated in millimeters, if not differently specified.
