La Qualità Sensibile

Concept

Ambientazioni evocative creano scenari unici, raccolti nell'attimo di un frangente, dove l'istante raccoglie la complessità del tempo attraversato. Tra colori, ombre, luci e trasparenze.

Evocative settings and unique scenarios capture a moment and encapsulate the passing of time. Among colours, shadows, lights, and transparencies.

A Family Company

SEMPRE VICINI A TE

Proprio come una famiglia accudisce i suoi membri con amore e dedizione, così Colombo Design cura i suoi prodotti, con gli stessi valori e le medesime tradizioni, per fare di ogni ambiente una casa, senza scendere mai a compromessi sull'autenticità. Un manifesto contemporaneo dell'essere creativi, curiosi e sperimentali.

HANDLES WITH CARE

Just like a family looking after its members with love and dedication, Colombo Design cares about its family of products and its production with the very same values and traditions, thus making every place a home. No compromise on quality, functionality and authenticity. Bonding heritage with creativity, curiosity and innovation.

Enviromental Approach

È TEMPO DI GREEN MADE

Green Made significa pensare, progettare e produrre in spontanea armonia con l'ambiente circostante.

Green Made - Perché

La protezione delle risorse disponibili ed in particolare lo studio degli aspetti ambientali legati alle diverse attività produttive, assumono un ruolo sempre più importante nel contesto globale contemporaneo. L'aumento dei consumi delle risorse non rinnovabili (I minerali ed i metalli come pure i combustibili fossili), dovuto alla costante crescita della popolazione mondiale, impone standards di produzione che privilegino la conservazione delle risorse disponibili. I nostri processi produttivi sono frutto di una globale attenzione alla tutela dell'ambiente. La gestione accurata di questi processi ha portato, tra le altre cose, all'ottenimento della certificazione UNI EN ISO 14001 «Sistema di gestione ambientale certificato».

Green Made - Il valore

Ogni singola fase di progettazione e produzione è attentamente analizzata sotto il profilo dell'impatto ambientale ed ogni scelta successiva dettata dal raggiungimento degli obiettivi di eco compatibilità. Così durante la produzione vera e propria, saranno le più avanzate tecnologie appositamente sviluppate ed i più severi controlli, effettuati da personale qualificato, a garantire Green Made by Colombo Design: un prodotto nato con il pensiero costantemente rivolto all'ambiente.

IT'S GREEN MADE TIME

«Green made» means thinking, developing and manufacturing to preserve our environment.

Green Made - Why

Protecting our resources and harmonizing manufacturing processes with the environment are more important in our global world. Increase of non-renewable resources consumptions (minerals, metals and fossil fuels) due to the increase of global population, imposes manufacturing standards to preserve the available resources and raw materials. Our production processes fully complies with the above principles. By the accurate management of these processes we obtained the UNI EN ISO 14001 certification «Certified environmental management system».

Green Made - Values

Each design and production step is carefully checked with regards to the environmental impact and each following decision is taken if our eco-compatibility objectives are fully reached. This means that during the manufacturing process, the Green Made concept by Colombo Design will be assured by the advanced technologies and very strict controls carried out by highly qualified personnel, generating a product conceived while constantly thinking of the environment.

TRATTAMENTO DI PROTEZIONE PVD GARANTITO 30 ANNI

Quello utilizzato da Colombo Design è un processo di finitura mutuato dal settore dell'utensileria, in cui caratteristiche fisiche e meccaniche sono studiate per garantire prestazioni eccezionali di resistenza all'usura meccanica e al decadimento dovuto ad agenti ambientali e chimici. Il processo è stato messo a punto per garantire un notevole aspetto estetico, trasparenza e lucentezza, che fanno risaltare il design del prodotto. Tutti i prodotti trattati con il processo PVD, vengono preventivamente rivestiti con strati di rame, nichel e cromo per garantire un perfetto isolamento della materia prima sottostante. Trattamento con la garanzia di "30 anni" sulle finiture Oroplus, Oromat, HPS/1 Zirconium Stainless-Steel, Vintage, Vintage Mat, Grafite e Grafite Mat.

30-YEAR PVD TREATMENT PROTECTION GUARANTEE

Colombo Design uses a finishing process borrowed from the tools industry, where physical and mechanical features have to guarantee a very high performance as far as mechanical wear and deterioration due to environmental and chemical agents are concerned. This finishing process also guarantees a high level of design where transparency and brightness allow the product to reveal. All PVD-treated products with High Protection System finishing are previously coated with layers of copper, nickel and chrome in order to guarantee the perfect insulation of the underlying raw material. Treatments with warranty of "30 years" are performed on Oroplus, Matt Gold, HPS/1 Zirconium Stainless-Steel, Vintage, Vintage Mat, Graphite and Graphite Mat finishing.

10

TRATTAMENTO DI PROTEZIONE GARANTITO 10 ANNI

La lunga esperienza maturata nel settore dei trattamenti galvanici e della verniciatura, unita alla scelta di prestare particolare attenzione alla qualità nei processi produttivi, consentono a Colombo Design di garantire le finiture dei suoi prodotti oltre la normale copertura prevista dalla legge. È quindi con particolare orgoglio che offriamo ai nostri utenti la garanzia di "10 anni" sulle finiture Cromo, Cromat, Umber Bronze, Biancomat e Neromat. Questo impegno di durata nel tempo del prodotto è la nostra forte e alternativa risposta al consumismo «usa e getta», sinonimo di spreco ambientale e nemico della memoria collettiva, irrinunciabile valore di ogni società.

10-YEAR TREATMENT PROTECTION GUARANTEE

The long experience in the field of galvanic treatments and painting, combined with the choice to pay special attention to the quality in production processes, enables Colombo Design to ensure the finishes of its products beyond the normal warranty provided by law. With great pride we offer to the market the warranty of "10 years" on Chrome, Matt chrome, Umber bronze, Matt white and Matt black finishings. This commitment on product durability is our strong and alternative response to a «disposable» consumerism, which leads to environmental waste and is the enemy of a collective memory, an essential value of all cultures.

Un approccio alla materia proprio come l'avrebbe avuto l'aliseo, plasmando e avvolgendo ogni contrasto e accarezzando ogni dettaglio degli accessori; ne risultano delle figure dai profili morbidi e dai toni briosi, che ben si adattano a completare le nuove sale da bagno ed a rinnovare quelle passate.

Approaching like the sail winds shaping and stroking all minute contrasts in accessories, the result is figures alive with soft melodies and profiles that are well suited to complement the new bathrooms and to renew the old ones.

L'accessorio da bagno raggiunge così nuovi ed evoluti standard di riferimento, svincolandosi dal tradizionale concetto di applicazione attraverso l'utilizzo di un sistema di fissaggio a muro con adesivi tecnologici. OVER di Colombo Design: la scelta per chi vuole di più, anche nel proprio bagno.

Piet Billekens

Negli oggetti di uso quotidiano la ricerca del segno formale rende talvolta secondaria la funzionalità. Piet Billekens ha ristabilito nel progetto PLUS l'equilibrio tra concetto e funzione, disegnando complementi d'arredo non subordinati a stili o tendenze.

Massima attenzione ai materiali e peculiare controllo dei processi di lavorazione sono garantiti da Colombo Design che condivide il concetto di qualità totale.

Sometimes the research of a formal design in everyday used objects might give to functionality a secondary role. Thanks to Arch. Piet Billekens the project PLUS has re-established the balance between concept and function, designing furnishing complements free from any style or trend. The highest attention was also given to the materials, with a peculiar control to the manufacturing process granted by Colombo Design that shares the common concepts of total quality.

Momodesign

Geometrie pure e lineari sono state combinate alla fibra di carbonio, materiale iconico del marchio, al vetro satinato e all'acciaio cromato per creare un contrasto materico che enfatizza la doppia anima di Momodesign: ricercata e sportiva. Una collezione dallo stile deciso, contemporaneo, pensata per gli interni di abitazioni metropolitane.

Pure and linear geometrics have been combined with carbon fibre, the brand's iconic material, natural acid glass and chrome steel to create a contrast that highlights Momodesign's refined and sporty essence. The Basic Collection

Basic

The affordable quality

"L'essenzialità è difficile da raggiungere: quando vediamo qualcosa di talmente semplice che ci fa dire "potevo farlo io", significa che dietro c'è il lavoro di un team di progettisti che ha lavorato per l'essenzialità. BASIC è la nuova sfida di Colombo Design: oggetti pensati, curati e caratterizzati da una qualità ed un prezzo "accessibile".

Essentiality is difficult to achieve: when we see something so simple that makes us say "I could have done it by myself", means that a team of designers worked for it behind the scenes. BASIC is the new challenge of Colombo Design: objects designed, thought and created with an accessible quality and a price.

The ADJ Collection

Leather Complements

ADJ Collection è un'ampia gamma di accessori di qualità completamente personalizzabili e di articoli di interior design per casa, ufficio, yachts, jet privati, hotel e ristoranti.

ADJ Collection riprende la tradizione della decorazione degli ambienti, rivisitandola ed incarnandola in forme moderne, infondendo vita e comfort a qualsiasi interno. Tutti i prodotti di ADJ Collection utilizzano uno speciale trattamento protettivo su ambo i lati che garantisce maggiore resistenza all'abrasione ed ai graffi, facile pulizia, conservazione di colore e forma. Ideale anche per decorare spazi esterni.

La pelle utilizzata nella produzione degli articoli ADJ Collection richiede precisione ed alta tecnologia, questo la rende più pregiata rispetto alla pelle tradizionale. Il materiale, infatti, si ottiene trattando la pelle con lattice naturale al 100% conferendo alla pelle elasticità e resistenza. La successiva lavorazione con grassi e coloranti naturali dona al materiale eccellenti caratteristiche di resistenza.

Tutti i prodotti della ADJ Collection sono studiati con l'obiettivo di essere un comodo e pratico accessorio nella vita quotidiana, distinguendosi per eleganza e stile in ogni ambiente: casa, ufficio e spazi esclusivi.

ADJ Collection is a wide range of fully customizable quality accessories and interior Design items for home, office, yachts, private jets, hotels and restaurants. ADJ Collection takes up the tradition of room decoration, revisiting it and embodying it in modern forms, infusing life and comfort into any interior. All ADJ Collection products use a special protective treatment on both sides which guarantees greater resistance to abrasion and scratches, easy cleaning, color and shape retention. Also ideal for decorating outdoor spaces.

The leather used in the production of ADJ Collection items requires precision and high technology, this makes it more valuable than traditional leather. The material, in fact, is obtained by treating the leather with 100% natural latex, giving the leather elasticity and resistance. Subsequent processing with fats and natural dyes gives the material excellent resistance characteristics.

All the products in the ADJ Collection are designed with the aim of being a comfortable and practical accessory in everyday life, standing out for their elegance and style in any environment: home, office and exclusive spaces.
