Lo sviluppo è sostenibile se soddisfa i bisogni delle generazioni presenti senza compromettere le possibilità per le generazioni future di soddisfare i propri bisogni.

(Brundtland Report, United Nations, 1987)

È tempo di green made

Green Made significa pensare, progettare e produrre in armonia con l'ambiente.

Green Made: perché In una economia globale assume un ruolo sempre più importante la protezione delle risorse disponibili ed in particolare lo studio degli aspetti ambientali legati alle diverse attività produttive. L'aumento dei consumi delle risorse non rinnovabili (i minerali ed i metalli come pure i combustibili fossili), dovuto alla costante crescita della popolazione mondiale, impone standards di produzione che privilegino la conservazione delle risorse disponibili. I nostri processi produttivi sono frutto di una globale attenzione alla tutela dell'ambiente.

La gestione accurata di questi processi ha portato, tra le altre cose, all'ottenimento della certificazione UNI EN ISO 14001 «Sistema di gestione ambientale certificato».

Green Made: il valore Ogni singola fase di progettazione e produzione è attentamente analizzata sotto il profilo dell'impatto ambientale ed ogni scelta successiva dettata dal raggiungimento degli obiettivi di eco compatibilità. Così durante la produzione vera e propria, saranno le più avanzate tecnologie appositamente sviluppate ed i più severi controlli, effettuati da personale qualificato, a garantire Green Made by Colombo Design: un prodotto nato con il pensiero costantemente rivolto all'ambiente.

Sustainable development is development that meets the needs of the present without compromising the ability of future generations to meet their own needs.

(Brundtland Report, United Nations, 1987)

it's green made time

«Green made» means thinking, developing and manufacturing in harmony with our environment.

Green Made: why Protecting our resources is more and more important in a global economy, and in particular paying attention to reflections of manufacturing onto the environment. Increase of consumptions of non-renewable resources (minerals, metals and fossil combustibles) due to increase of population, imposes manufacturing standards which privilege conservation of the available resources and raw materials. Our production processes are the result of a total attention to environmental protection. By the accurate management of these processes we obtained the UNI EN ISO 14001 certification «Certified environmental management system».

Green Made: values Each design and production step is carefully checked with regards to the environmental impact and each following decision is taken if our eco-compatibility objectives are fully reached. This means that when we manufacture our products, the Green Made concept by Colombo Design will be guaranteed by the advanced technologies and very strict controls carried out by a very highly qualified personnel, generating a product conceived constantly thinking of the environment.

Trattamento di protezione garantito 30 anni

Con la garanzia di “30 anni” sulle finiture **HPS Zirconium Gold, Oromat, HPS/SS Satinata, Grafite, Grafite Mat, Vintage e Vintage Mat**. I prodotti trattati con il processo PVD garantiscono prestazioni di lunga durata. L'utilizzo di questi prodotti è particolarmente indicato in ambienti corrosivi, come aree marine ricche di salsedine o in zone soggette a piogge acide. L'utilizzo in pieno sole e le escursioni di temperatura non pregiudicano l'estetica del prodotto con viraggi di tonalità del colore. La durezza del rivestimento e il basso coefficiente di attrito superficiale garantiscono un'ottima resistenza ai graffi dovuti, per esempio, all'utilizzo di anelli. Eventuali ammaccature provocate da urti o colpi possono intaccare l'integrità e provocare il decadimento delle prestazioni del rivestimento.

Trattamento di protezione garantito 10 anni

La lunga esperienza maturata nel settore dei trattamenti galvanici, unita alla scelta di prestare particolare attenzione alla qualità nei processi produttivi, consentono a Colombo Design di garantire le finiture dei suoi prodotti oltre la normale copertura prevista dalla legge. E' quindi con particolare orgoglio che offriamo ai nostri utenti la garanzia di “10 anni” sulle finiture **Cromo, Satinata, Bianco opaco e Nero opaco**. Per un utilizzo ottimale del prodotto, ed ottemperare alle regole della garanzia: evitare l'impiego di sostanze solventi, abrasivi, alcool; rimuovere le eventuali tracce di sporco e polvere solo con un panno inumidito in acqua tiepida.

Treatment protection guaranteed 30 years

Treatment with warranty of “30 years” on **HPS Zirconium Gold, Matt gold, HPS/SS Satin, Graphite, Matt Graphite, Vintage and Matt Vintage** finishings. All PVD-treated products with High Protection System finishing guarantee better performance than any other type of coating, either galvanic or lacquer. The use of these products is strongly recommended in such places as high-salinity marine areas or areas subject to acid rains. The use in bright sunshine and temperature ranges does not cause color changes. The hardness of the coating and the low rate of surface friction ensure a very good resistance to scratches due to the use of rings (for example). Any dents due by hits or impact can spoil the surface and affect the coating performance.

Treatment protection guaranteed 10 years

The long experience in the field of galvanic treatments, combined with the choice to pay special attention to the quality in production processes, enable Colombo Design to ensure the finishings of its products beyond the normal warranty provided by law. It is therefore with great pleasure, we offer to our end-users the warranty of “10 years” on **Chrome, Satin, Matt white and Matt black** finishings. This commitment of product durability is our strong and alternative response to consumerism «disposable». For maximum performance, kindly comply with the rules of warranty: do not use solvents, abrasives or alcohol; remove any traces of dirt and dust only with a cloth damped in water.

PVD

Pvd collection, ispirata dai nuovi colori di tendenza.

Il trattamento PVD (Physical Vapor Deposition) è un processo di altissimo livello tecnologico che, mediante deposizione fisica da vapore di una sottile pellicola di straordinaria durezza, permette di ottenere un rivestimento superficiale dalle eccezionali caratteristiche estetiche e tecniche. Una tecnologia utilizzata per offrire tonalità cromatiche stabili nel tempo e per garantire prodotti con elevata durezza superficiale, inalterabilità ai raggi UV, resistenza all'usura, all'abrasione e alla corrosione. Garantito 30 anni e realizzato internamente negli stabilimenti produttivi Colombo Design mediante l'utilizzo di una speciale macchina, il trattamento PVD è disponibile nelle finiture Oromat, Zirconium Gold, Zirconium stainless-steel, Vintage, Vintage Mat, Grafite e Grafite Mat.

PVD (Physical Vapor Deposition) treatment is a process of the highest technological level which allows to obtain a surface coating with exceptional aesthetic and technical characteristics through physical vapor deposition of a thin film of extraordinary hardness. A technology used to offer stable color tones over time and to guarantee products with high surface hardness, inalterability against UV rays, resistance to wear and corrosion. 30 years warranted and obtained internally in the Colombo Design production plants using a special machine, the PVD treatment is available in Oromat, Zirconium Gold, Zirconium stainless-steel, Vintage, Vintage Mat, Graphite and Matt Graphite finishes.

ALIZÉ

**“La prima regola, e forse l’unica,
del buono stile è che si abbia
qualcosa da dire:
con questa regola si va lontano.”**

“The first rule, then, for a good style
is that the author should have
something to say;
nay, this is in itself almost all
that is necessary.”

Arthur Schopenhauer

**Un approccio alla materia
proprio come l'avrebbe avuto l'aliseo,
plasmando e avvolgendo ogni contrasto
e accarezzando ogni dettaglio degli
accessori; ne risultano delle figure dai
profili morbidi e dai toni briosi,
che ben si adattano a completare
le nuove sale da bagno ed a rinnovare
quelle passate.**

Approaching like the sail winds
shaping and stroking all minute contrasts
in accessories, the result is figures alive
with soft melodies and profiles
that are well suited to complement
the new bathrooms and to renew the
old ones.

La collezione Forever è stata appositamente progettata per un fissaggio a muro e vetro ottenuto con uno speciale nastro biadesivo in schiuma acrilica ad alte prestazioni (3M™ VHB™). Le caratteristiche tecniche di questa serie, unite ad un sistema di montaggio semplice e rapido, consentono un utilizzo dell'accessorio in condizioni difficili senza mai pregiudicare la tenuta e l'estetica. Le strisce biadesive sono già premontate sul pezzo e, per la preparazione della superficie del muro, all'interno della confezione sono presenti un kit di pulizia ed uno stick con il primer/attivatore.

Attenzione: si sconsiglia l'applicazione dei pezzi su superfici particolarmente ruvide o poco compatte, come intonaci, muri grezzi, resine, piastrelle strutturate e mosaici.

The Forever collection has been specially designed for a wall and glass fixing with a special high performance double sided acrylic foam tape (3M™ VHB™). The technical characteristics of this collection, combined with a quick and easy mounting system, allow an use of the appliance even in difficult conditions without ever affecting the aesthetics or the durability of use. Adhesive strips are already preassembled on the piece and, for the preparation of the wall surface, inside the box there is a cleaning kit and a stick with the Activator/primer.

Warning: we do not recommend the application of the pieces on particularly rough surfaces such as plaster, raw concrete walls, resins, textured tiles and mosaics.

KHALA

Makio Hasuike ha voluto interpretare l'ottone, materiale predominante negli accessori della serie, alleggerendone gli spessori ed il volume, per giungere all'essenzialità del segno. Design di sintesi, quindi sinonimo di contenuti semplici ma capaci di evocare emozioni. Ogni accessorio della serie Khala è un pezzo fuso unico e gli sbalzi asimmetrici nei supporti degli accessori creano leggerezza e fluidità. Una collezione di oggetti di arredamento di grande personalità e forte valenza semantica.

By reducing the proportions and mass of the accessories, Makio Hasuike has redefined the use of brass, the core material of this “essential” collection. Simple and abstract designs, but with a strength of character that evokes an emotional response. Each accessory of the Khala range is cast as one piece, in an asymmetrical style which gives delicate and flowing lines. A collection of bathroom furnishings with a strong and distinctive personality.

Quando si tratta di dare forma ad un oggetto, ci si confronta con il tema della responsabilità.”

“When it comes to giving shape to an object, you are confronted with the issue of responsibility.

LINK

Sottrarre, valorizzare la funzione, sottolineare il concetto: semplicità sinonimo di leggerezza. Link di Angeletti e Ruzza è una collezione di oggetti che non vincola l'arredamento del bagno, liberandolo da soluzioni scontate.

Link è espressione fondamentale di design ricondotto a segni minimi che esaltino il contesto per recuperare uno stile rigoroso finalizzato a rinnovarsi nel segno dell'eccellenza.

The attempt to get to the heart of concept of simplicity reveals its importance on functional values. Collection Link, by Angeletti e Ruzza expresses a multiple identity for any living solution. The early sign gains its potential in appealing contests and expectations of bath areas, increasing a perfect style under discerning excellence.

Due oggi sono i requisiti richiesti agli oggetti: emozione e tecnologia.

There are two requested requirements for the objects, emotion and technology.

MELÓ

Lontano dalle facili tentazioni delle mode passeggere e desiderando esprimere sensibilità ed equilibrio in oggetti di uso quotidiano, Ambrogio Rossari ha disegnato Melò, collezione di accessori “senza tempo”, il cui rigore formale li assimila con facilità agli altri elementi dell’ambiente bagno.

Uninfluenced by the passing trends of fashion, and with a strong wish to express sensitivity and balance in objects of daily use, Ambrogio Rossari has designed Melò, a collection of timeless accessories with such a stark simplicity that they combine with other items of bathroom furniture to perfection.

“C’è anche una concezione poetica del design, un percorso di luoghi e di memorie.”

“There is also a poetic view in design, a journey of places and memories.”

NORDIC

Una collezione dove ogni elemento torna a rispondere all'esigenza funzionale per il quale viene scelto. Oggetti per il vivere contemporaneo dove l'estetica è sempre stile non urlato, e l'esperienza dell'Azienda si fonde con la forma per vivere il prodotto negli anni futuri.

A collection where each element is the answer to the functional need for which it has been chosen. Objects for the contemporary living where aesthetic is an uncried style and where the company's experience merge with form into a timeless product.

“L'ovvio è quel che non si vede mai, finchè qualcuno non lo esprime con la massima semplicità.”

“The obvious is that it is never realized until someone expresses it with ease.”

Ralph W. Emerson

Negli oggetti di uso quotidiano la ricerca del segno formale rende talvolta secondaria la funzionalità. Piet Billekens ha ristabilito nel progetto PLUS l'equilibrio tra concetto e funzione, disegnando complementi d'arredo non subordinati a stili o tendenze. Massima attenzione ai materiali e peculiare controllo dei processi di lavorazione sono garantiti da Colombo Design che condivide il concetto di qualità totale.

Sometimes the research of a formal design in everyday used objects might give to functionality a secondary role. Thanks to Arch. Piet Billekens the project Plus has re-established the balance between concept and function, designing furnishing complements free from any style or trend. The highest attention was also given to the materials, with a peculiar control to the manufacturing process granted by Colombo Design that shares the common concepts of total quality.

ROAD

**“È la strada impervia
quella che conduce
alla grandezza.”**

“It is a rough road that leads
to the heights of greatness.”

Seneca

Geometrie pure e lineari sono state combinate alla fibra di carbonio, materiale iconico del marchio, al vetro satinato e all'acciaio cromato per creare un contrasto materico che enfatizza la doppia anima di Momodesign: ricercata e sportiva. Una collezione dallo stile deciso, contemporaneo, pensata per gli interni di abitazioni metropolitane.

Pure and linear geometrics have been combined with carbon fibre, the brand's iconic material, natural acid glass and chrome steel to create a contrast that highlights Momodesign's refined and sporty essence. The collection embodies the urban and contemporary style of the brand, conceived for metropolitan homes.

ANNIVERSARY
CELEBRATION
COLLECTION

TRENTA

“Non sono gli anni della tua vita
che contano, ma la vita nei tuoi anni.”

“It is not the years of your life that matter,
but the life in your years”.

Abraham Lincoln

**Trenta, come gli anni di Colombo Design.
Trent'anni di impegno costante, passione
condivisa, scelte audaci e obiettivi raggiunti.
Per celebrare questa importante tappa,
Colombo Design ha affidato a Luca Colombo
e Pio & Tito Toso la creazione di una nuova
collezione di accessori per l'arredo bagno.
Una serie nata a “sei mani” dall'unione del
pensiero progettuale e creativo dei tre
designers, caratterizzata da un tratto
morbido ed essenziale che le conferisce uno
stile moderno, evidenziato dalle tre finiture
proposte: Cromo, Neromat (RAL 9005)
e PVD Grafite Mat.**

Trenta, like the years of Colombo Design.
Thirty years of constant effort, shared passion,
daring choices and achievements.
To celebrate this important milestone,
Colombo Design has entrusted Luca Colombo
and Pio & Tito Toso with the creation of a
new collection of bathroom fittings. A series
born in "six hands" from the creative mind
of the three designers, characterized by a soft
and essential line that gives it a modern style,
highlighted by the three finishes proposed:
Chrome, Matt Black (RAL 9005) and
PVD Matt Graphite.

BASIC

“L’essenzialità è difficile da raggiungere: quando vediamo qualcosa di talmente semplice che ci fa dire “potevo farlo io”, significa che dietro c’è il lavoro di un team di progettisti che ha lavorato per l’essenzialità. Basic è la nuova sfida di Colombo Design: oggetti pensati, curati e caratterizzati da una qualità ed un prezzo “accessibile”.

The simplicity is difficult to achieve: when we see something so simple that makes us say "I could have done it by myself", means that behind there is the work of a team of designers who worked for essentiality. Basic is the new challenge of Colombo Design: objects designed, thought and edited with a quality and a price "accessible".

“La semplicità non è una cosa semplice.”

OPTIONAL - Esiste altresì la possibilità di utilizzare per ogni punto di fissaggio un kit con biadesivo (Art. B523M). Il biadesivo è premontato sulla ghiera e, per la preparazione della superficie del muro, all'interno della confezione sono presenti un kit di pulizia ed uno stick con il primer/attivatore.

Attenzione: si sconsiglia l'applicazione dei pezzi su superfici particolarmente ruvide o poco compatte, come intonaci, muri grezzi, resine, piastrelle strutturate e mosaici.

Our Basic collection is delivered complete with screws, plugs and Allen key.

OPTIONAL - Wall fixing with adhesive is available. Please ask for the correct component for each fixing point (Art. B523M). Adhesive strips are already preassembled on the piece and, for the preparation of the wall surface, inside the box there is a cleaning kit and a stick with the Activator/primer.

Warning: we do not recommend the application of the pieces on particularly rough surfaces such as plaster, raw concrete walls, resins, textured tiles and mosaics.
