Gli architetti Anna e Carlo Bartoli hanno realizzato complementi d'arredo essenziali, progettati con rigore stilistico per ricomporre gli spazi dell'ambiente bagno. Il programma Isole evolve e si concretizza in un sistema di piantane e colonne polifunzionali a parete.

In their characteristic concise and elegant style, Anna and Carlo Bartoli have developed the "Isole Collection" to create a system of multi-functional free-standing bathroom accessory columns.

PLANETS

Il bagno diviene sempre più ambiente living, offrendo nuove possibilità nell'arredo dello spazio con elementi carichi di personalità. I complementi del programma Planets, progettati da Bartoli Design, discretamente connotati ma riconoscibili in ogni modello del programma e garantiti dall'eccellenza qualitativa di Colombo Design, ricompongono senza enfasi e con rigore stilistico l'ambiente bagno. Piantane e colonne a muro in differenti proposte offrono molteplici, alternative soluzioni.

The bathroom area becomes more and more a living habitat, offering new possibilities to furnish spaces missing of personality. The complements of the Planets program, designed by Bartoli Design, are discretely thought but recognizable in his signing style. Granted by the excellent quality of Colombo Design, their character is able to fulfil without emphasis the bathroom ambience. Standing columns and wall columns in different proposals are offering multiple and alternative solutions.

UNITS

La collezione di piantane e colonne Units esprime il concetto di forma con funzione e di lusso con linearità. Elementi d'arredo che caratterizzano lo spazio con soluzioni esclusive ma universali dove l'accessorio, spesso oggi nascosto, torna ad essere assoluto protagonista della stanza da bagno.

The Units collection of wall and standing columns is the expression of form and functionality in a rich but linear way. Furnishing elements mark out the space with exclusive but at the same time universal solutions, where the bathroom accessories are not hidden any more and represent the leading element in bathroom decoration and furnishing.

Trenta Mood Collection. Arreda con i colori.

Trenta Mood Collection di Colombo Design porta i colori nell'ambiente bagno e cambia prospettiva allo stile minimalista.

Ispirati dalla linea maniglie Mood Collection, gli accessori bagno serie Trenta si personalizzano: diventano un compromesso tra esigenze estetiche e funzionali dove il colore diventa, ancora una volta, protagonista indiscusso e rappresentazione di uno stile di vita.

Il bagno entra in scena con originalità e carattere trovando nel colore un nuovo linguaggio visivo: gioca con le forme e offre soluzioni estetiche innovative. "Reazione" è la parola chiave per gli accessori da bagno della serie Trenta Mood Collection sempre più espressione delle combinazioni creative del progettista e della capacità di adattamento al *sentiment* del committente.

A disposizione una gamma di 9 colori, accuratamente selezionati per poter definire il "good mood" con accostamenti tono su tono o in contrasto. Ne facciamo di tutti i colori!

L'elevata qualità del materiale e l'utilizzo di vernici di ultima generazione sono espressione di un rinnovato impegno verso la tutela dell'ambiente e la riduzione dello spreco delle risorse, fattori che consentono di estendere la garanzia di questa collezione a 10 anni.

La gestione accurata dei processi produttivi è confermata dalla certificazione UNI EN ISO 14001 «Sistema di gestione ambientale certificato».

Trenta Mood Collection. Decorating with colors.

Trenta Mood Collection by Colombo Design brings colors to the bathroom and changes perspective to the minimalist style.

Inspired by our Mood Collection door handle line, Trenta bathroom accessories are personalized: a compromise between aesthetic and functional needs where color becomes once again the undisputed protagonist and representation of a lifestyle.

The bathroom enters the scene with originality and character, finding a new visual language in color: it plays with shapes offering innovative aesthetic solutions. "Reaction" is the key word for the bathroom accessories of Trenta Mood Collection, becoming an expression of the designer's creative combinations and the ability to adapt to the customer's *sentiment*.

A range of 9 carefully selected colors is available to define the "good mood" with tone-on-tone or contrasting combinations. We are up to all sorts of colors!

The high quality of the material and the use of latest generation paints are the expression of a renewed commitment to protecting the environment and reducing the waste of resources, factors that allow the warranty of this collection to be extended to 10 years.

Uno dei valori fondamentali della nostra azienda è l'approccio socialmente responsabile al Design, in linea con i moderni standard ambientali nella produzione, che garantisce alta qualità e durata.

ADJ Collection è un'ampia gamma di accessori di qualità completamente personalizzabili e di articoli di interior design per casa, ufficio, yachts, jet privati, hotel e ristoranti.

ADJ Collection riprende la tradizione della decorazione degli ambienti, rivisitandola ed incarnandola in forme moderne, infondendo vita e comfort a qualsiasi interno. Tutti i prodotti di ADJ Collection utilizzano uno speciale trattamento protettivo su ambo i lati che garantisce maggiore resistenza all'abrasione ed ai graffi, facile pulizia, conservazione di colore e forma. Ideale anche per decorare spazi esterni.

La pelle utilizzata nella produzione degli articoli ADJ Collection richiede precisione ed alta tecnologia, questo la rende più pregiata rispetto alla pelle tradizionale. Il materiale, infatti, si ottiene trattando la pelle con lattice naturale al 100% conferendo alla pelle elasticità e resistenza. La successiva lavorazione con grassi e coloranti naturali dona al materiale eccellenti caratteristiche di resistenza.

La pelle è prodotta nella più antica fabbrica tedesca che rispetta rigorosamente tutti i requisiti normativi in materia di salute e ambiente, sia per le materie prime che per i prodotti finali. Le materie prime ed i prodotti sono costantemente monitorati da specialisti in laboratori indipendenti in Germania.

Tutti i prodotti della ADJ Collection sono studiati con l'obiettivo di essere un comodo e pratico accessorio nella vita quotidiana, distinguendosi per eleganza e stile in ogni ambiente: casa, ufficio e spazi esclusivi.

One of the core values of our company is the socially responsible approach to Design, in line with modern environmental standards in production, which guarantees high quality and durability.

ADJ Collection is a wide range of fully customizable quality accessories and interior Design items for home, office, yachts, private jets, hotels and restaurants.

ADJ Collection takes up the tradition of room decoration, revisiting it and embodying it in modern forms, infusing life and comfort into any interior. All ADJ Collection products use a special protective treatment on both sides which guarantees greater resistance to abrasion and scratches, easy cleaning, color and shape retention. Also ideal for decorating outdoor spaces.

The leather used in the production of ADJ Collection items requires precision and high technology, this makes it more valuable than traditional leather. The material, in fact, is obtained by treating the leather with 100% natural latex, giving the leather elasticity and resistance. Subsequent processing with fats and natural dyes gives the material excellent resistance characteristics.

The leather is produced in the oldest German factory which strictly complies with all health and environmental requirements, both for raw materials and final products. Raw materials and products are constantly monitored by specialists in independent laboratories in Germany.

All the products in the ADJ Collection are designed with the aim of being a comfortable and practical accessory in everyday life, standing out for their elegance and style in any environment: home, office and exclusive spaces.

I prodotti in pelle granulata multistrato ADJ.style sono altamente resistenti ai graffi, allo scolorimento, ai rigonfiamenti e al calore, tuttavia, come per qualsiasi materiale naturale, è necessaria una manutenzione adeguata e puntuale seguendo le raccomandazioni del produttore:

- ▶ I prodotti per il servizio a tavola devono essere strofinati con uno sgrassatore per eliminare le tracce di olio, vino, salse e tè entro la giornata, mentre è preferibile eliminare subito quelle di caffè, aceto e agenti acidi. Dopo aver utilizzato lo sgrassatore, sciacquare con acqua fino ad eliminare completamente lo sgrassatore e asciugare.
- ▶ Si consiglia di non lavare in lavastoviglie e di non lasciare il prodotto su superfici umide. In caso di prolungato contatto con l'acqua, lasciare l'articolo in un ambiente asciutto per un giorno, appoggiandovi sopra qualcosa di pesante e piatto per evitare la deformazione della superficie.
- ▶ La temperatura massima consentita per il contatto con oggetti molto caldi è di 90°C, pertanto si consiglia di non appoggiare sul prodotto stoviglie molto calde.
- ▶ Si sconsiglia di posizionare oggetti pesanti sulla parte superiore di cesti e scatole, poiché ciò potrebbe causarne la deformazione.
- ▶ Si prega di utilizzare il prodotto secondo la sua destinazione, evitando di sottoporlo a condizioni estreme. Si prega inoltre di seguire le istruzioni per la cura del prodotto, in modo da garantirne la lunga durata.

ADJ.style multilayer grained leather products are highly resistant to scratches, fading, swelling and to heat, however, as with any natural material, proper and punctual maintenance is required following the manufacturer's recommendations:

- ▶ Table service products should be scrubbed with a degreaser to eliminate traces of oil, wine, sauces and tea within the day, while it is preferable to immediately eliminate traces of coffee, vinegar and acidic agents. After using the degreaser, please rinse with water until the degreaser is completely removed and dry.
- ▶ It is recommended not to wash in the dishwasher and not to leave the product on damp surfaces. In case of prolonged contact with water, it is necessary to leave the item in a dry environment for a day, placing something heavy and flat on it to avoid deformation of the surface.
- ▶ The maximum temperature allowed for contact with very hot objects is 90°C, therefore it is advisable not to place very hot dishes on the product.
- ▶ It is not recommended to place heavy items on top of baskets and boxes, as this may cause them to warp.
- ▶ Please use the product according to its intended purpose, avoiding extreme conditions. Please also follow these care instructions to ensure the long life of the product.
