COLOMBO DESIGN

Concept

Ambientazioni evocative creano
scenari unici, raccolti nell'attimo di un
frangente, dove l'istante raccoglie la
complessità del tempo attraversato.
Tra colori, ombre, luci e trasparenze.

Evocative settings and unique scenarios
capture the fleeting moment,
encapsuling complexity of passing time.
Amidst colours, shadows,
lights and transparencies.

Conventional warranties

30

TRATTAMENTO DI PROTEZIONE PVD
GARANTITO 30 ANNI

Quello utilizzato da Colombo Design è un processo di finitura mutuato dal settore dell'utensileria, in cui caratteristiche fisiche e meccaniche sono studiate per garantire prestazioni eccezionali di resistenza all'usura meccanica e al decadimento dovuto ad agenti ambientali e chimici. Il processo è stato messo a punto per garantire un notevole aspetto estetico, trasparenza e lucentezza, che fanno risaltare il design del prodotto. Tutti i prodotti trattati con il processo PVD, vengono preventivamente rivestiti con strati di rame, nichel e cromo per garantire un perfetto isolamento della materia prima sottostante. Trattamento con la garanzia di "30 anni" sulle finiture Oroplus, Oromat, HPS/1 Zirconium Stainless-Steel, Vintage, Vintage Mat, Grafite e Grafite Mat.

30-YEAR PVD TREATMENT PROTECTION
GUARANTEE

Colombo Design uses a finishing process borrowed from the tools industry, where physical and mechanical features have to guarantee a very high performance as far as mechanical wear and deterioration due to environmental and chemical agents are concerned. This finishing process also guarantees a high level of design where transparency and brightness allow the product to reveal. All PVD-treated products with High Protection System finishing are previously coated with layers of copper, nickel and chrome in order to guarantee the perfect insulation of the underlying raw material. Treatments with warranty of "30 years" are performed on Oroplus, Matt Gold, HPS/1 Zirconium Stainless-Steel, Vintage, Vintage Mat, Graphite and Graphite Mat finishing.

10

TRATTAMENTO DI PROTEZIONE
GARANTITO 10 ANNI

La lunga esperienza maturata nel settore dei trattamenti galvanici e della verniciatura, unita alla scelta di prestare particolare attenzione alla qualità nei processi produttivi, consentono a Colombo Design di garantire le finiture dei suoi prodotti oltre la normale copertura prevista dalla legge. È quindi con particolare orgoglio che offriamo ai nostri utenti la garanzia di "10 anni" sulle finiture Cromo, Cromat, Silvermat, Cherry, Dark Green, Umber Bronze, Biancomat e Neromat.
Questo impegno di durata nel tempo del prodotto è la nostra forte e alternativa risposta al consumismo «usa e getta», sinonimo di spreco ambientale e nemico della memoria collettiva, irrinunciabile valore di ogni società.

10-YEAR TREATMENT PROTECTION

The long experience in the field of galvanic treatments and painting, combined with the choice to pay special attention to the quality in production processes, enables Colombo Design to ensure the finishes of its products beyond the normal warranty provided by law.

TRA LA MANIGLIA E LA PORTA

La maniglia non è un semplice accessorio, ma l'elemento che dà vita alla porta, trasformandola da barriera silenziosa a passaggio attivo. Se la porta rappresenta il confine tra due ambienti, è la maniglia che ne permette il superamento, con un gesto quotidiano che unisce funzione ed estetica. Nella sua forma, nei materiali e nelle finiture si riflette lo stile dell'ambiente e il gusto di chi lo abita.
Minimalista o classica, in ottone, acciaio o ferro, la maniglia interpreta e completa il linguaggio architettonico della porta. Progettata per adattarsi naturalmente alla mano, deve garantire fluidità, resistenza e comfort, diventando parte integrante dell'esperienza sensoriale dello spazio.
È nel dialogo tra staticità e movimento, tra materia e gesto, che si rivela l'armonia tra porta e maniglia: un'unione discreta ma essenziale, capace di coniugare bellezza, praticità e identità.

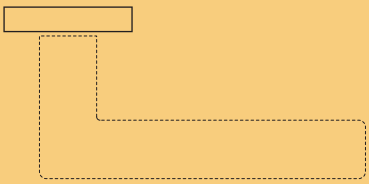

BETWEEN HANDLE AND DOOR

The handle is not a mere accessory, but the element that brings the door to life, transforming it from a silent barrier into an active passage. While the door marks the boundary between two spaces, it is the handle that allows it to be crossed, a daily action that unites function and aesthetics. In its shape, material and finish, the handle reflects the style of the ambience and the taste of those who live it.
Whether minimalist or classic, in brass, steel, or iron, the handle complements and enhances the architectural language of the door. Designed to fit naturally in the hand, it must ensure smoothness, durability, and comfort, becoming part of the sensory experience of the space. It is in the dialogue between stillness and motion, material and gesture, that the harmony between door and handle is revealed: a discreet yet essential union, capable of combining beauty, practicality and identity.
